

WORKING IN DOG REHOMING

jerry green dog rescue

HOW WE WORK

Our Dogs

We take dogs from a variety of sources from homes that are unable to look after their dogs anymore to strays.

All dogs have a thorough assessment before being available for rehoming.

In our kennels we look to give the best welfare possible and use OpenPAW to keep dogs calm and comfortable

MEET AND MATCH®

We are extremely proud of our Meet and Match® process and were the first UK rescue to close kennels completely based on a thorough study into stress levels of dogs.

This process places the best possible home for the dogs individual needs.
