

CAREERS WITH ANIMALS DAY

SATURDAY 9 JANUARY

**VIRTUAL
EVENT**

WELCOME

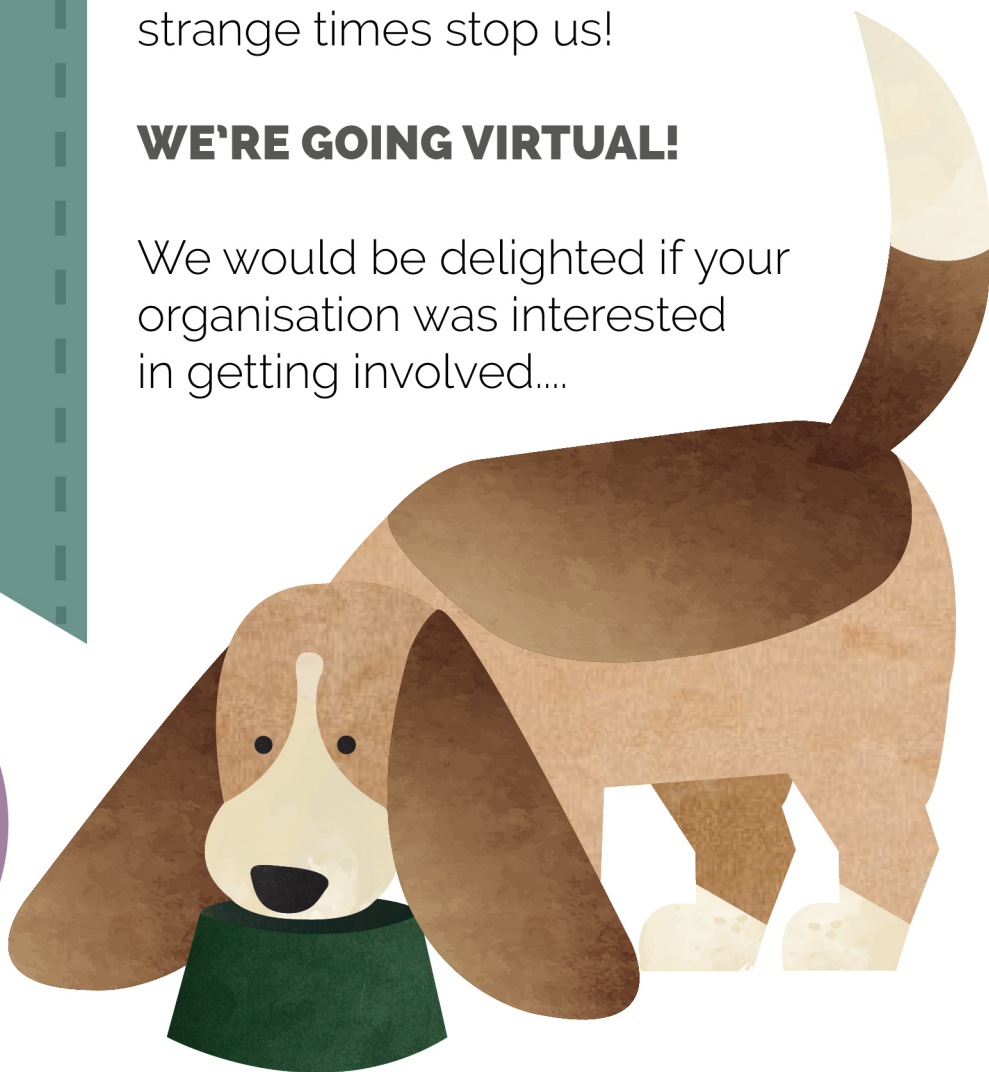

**INTERESTED
IN BEING A
SPEAKER AT
OUR EVENT...**

Hi there...

The College of Animal Welfare
has been running Careers
With Animals Day since 1991...
we're not about to let these
strange times stop us!

WE'RE GOING VIRTUAL!

We would be delighted if your
organisation was interested
in getting involved....

ABOUT THE EVENT

We will be delivering our event via our brand new snazzy virtual conferencing system, allowing people to attend the event from the comfort and safety of their own homes.

We will be running talks throughout the day with live Q&A sessions at the end of each presentation, allowing budding animal care and veterinary workers to get real life insights into their areas of interest.

We will be giving organisations the opportunity to share their companies values and give a valuable comprehension of what is involved in working in these industries and future-proofing these vital roles within these sectors.

**SHARE YOUR SKILLS
AND KNOWLEDGE
WITH FUTURE
EMPLOYEES**

WHAT WE NEED FROM YOU...

We are hoping for someone from your organisation to provide us with a 20 minute pre-recorded presentation. The purpose of the presentation is to give a true insight into working within your specific field. If you were able to get involved we would need someone from your organisation to be available to answer questions after the presentations in a live Q&A for five minutes.

The virtual delivery platform we use is super easy to use and we will provide a short training session to show you around and offering support and guide you through the event.

Interested in getting involved?

We would be delighted to hear from you.
If you want to know more please give us a call,
or pop us an email...
